Quara Consulting &
Training

The background is a solid blue color with several abstract elements. A thin green line runs diagonally from the top left towards the bottom right. A red line forms a loop in the upper right quadrant. A yellow line forms a loop in the lower right quadrant. A large, semi-transparent circular area in the lower right contains a pattern of fine, parallel lines. In the upper right, there are several trails of small white particles, resembling a particle simulation or a data visualization.

iGracias!
