Subject: Mutual Agreement for Quality in Governance development

PARTIES

IAQ Quality in Governance Think Tank (QiGTT) is dedicated to analyzing, promoting, and implementing Quality concepts, methods, and tools in corporate governance to safeguard the interests of all stakeholders, uphold sustainability, ethics, and efficiency as core focal points. Our mission is to foster the integration of Quality principles into corporate governance practices for sustainable outcomes.

The CGGO community (Quality Management in the Corporate Governance), was created in Argentina within Espacio EXCELENCIA (Fundece-FPNC-IPACE), to promote the implementation tools and solutions to improve quality management in the government of for-profit and non-for-profit organizations.

QiGTT will be represented by the Chair. CGGO will be represented by the Director of Government.

BACKGROUND

QiGTT and CGGO have a common interest in developing a win-win relationship and mutually benefit from the tools and models already generated.

QiGTT would act as an international consultative reference for CGGO and allow the Director of Government of the CGGO to be part of the QiGTT External Advisory Board.

SCOPE OF WORK

Offer the Argentine situation as a field for evaluation and application of QiGTT developments and a network of companies and leaders in the field of corporate governance as an adequate environment and sounding board to discuss proposals, initiatives and alternatives.

Promote collaboration in a broad sense between organizations, with a focus on the generation of knowledge and practical experience.

INTELLECTUAL PROPERTY

Both organizations commit to respecting each other's knowledge.

CONFIDENTIALITY

Information and data shared during the collaboration should be kept within both organizations. Sharing with third parties will be only allowed with mutual agreement.

By signing this agreement, both parties acknowledge their commitment to the collaboration and agree to abide by the terms and conditions outlined herein. This partnership agreement serves as a legally binding document between QiGTT and CGGO.

TIME FRAME

This agreement should be renewed by the end of September 2024.
